

# On November 2, **Vote** for Your **Right to Hunt and Fish** in Arizona

**VOTE  
YES  
ON 109**

**Proposition 109** is a proposed constitutional amendment that protects the citizen's hunting heritage from attacks initiated by well-funded, anti-hunting activists who have assailed sportsmen throughout the country in recent years. In addition, it specifies that wildlife management decisions will be based in sound science, not the emotion inspired by radical animal "rights" groups. Just look to the words of Wayne Pacelle, President of the most powerful animal "rights" interest group in the country, the Humane Society of the United States:

**"Our opponents say hunting is a tradition. We say traditions can change." (Bozeman Daily Chronicle)**  
**"If we could shut down all sport hunting in a moment, we would." (Associated Press)**

All Arizonans need to be concerned and vote YES on 109 because this constitutional protection is essential to protect wildlife and promote conservation; efforts that sportsmen have spearheaded for generations. Don't let animal "rights" radicals invade Arizona and destroy the state's diverse and flourishing wildlife populations!

**IT IS UP TO YOU TO DO YOUR PART ON NOVEMBER 2, 2010 AND VOTE THIS PROVISION INTO THE ARIZONA CONSTITUTION.**

# Support your Right to Hunt and Fish

## Vote YES on 109, the Constitutional Right to Hunt and Fish

Your vote will help to create permanent protections for sportsmen and conservation in Arizona. The measure would add Section 36 to Article II of the Arizona Constitution specifying:

- A. The citizens of this State have a right to hunt, fish and harvest wildlife lawfully. Wildlife belongs to this State and is held in trust for the benefit of the citizens of this State.
- B. Exclusive authority to enact laws to regulate the manner, methods or seasons for hunting, fishing and harvesting wildlife is vested in the Legislature, which may delegate rule making authority to a game and fish commission. No law shall be enacted and no rule shall be adopted that unreasonably restricts hunting, fishing and harvesting wildlife or the use of traditional means and methods. Laws and rules authorized under this section shall have the purpose of wildlife conservation and management and preserving the future of hunting and fishing.
- C. Lawful public hunting and fishing shall be a preferred means of managing and controlling wildlife.
- D. This section shall not be construed to modify any provision of common law or statutes relating to trespass or property rights.
