

Arizona Elk Society “Heroes Rising Outdoors” Program Sponsorship

Program sponsors play a remarkable role in the success of our organization by publicly showing their support for the essential work of the Arizona Elk Society. Sponsorship opportunities exist at a variety of levels, offering marketing benefits and ideas for individuals, businesses and corporations.

Why Become an AES Sponsor?

- ❖ Inform a targeted high-end market about your company and products.
- ❖ Receive recognition for your support.
- ❖ Be associated with an organization that has a proven track record.
- ❖ Connect and work with AES to provide newsworthy information on your association or business to our more than 1,200 members, 400+ volunteer conservationists and over 45,000 supporters and social media followers.
- ❖ Your business’ investment in AES signals a commitment and concern for not only your community here but throughout the Southwest.
- ❖ Increase your brand loyalty and strengthen brand image.
- ❖ Your company’s logo and banners will be displayed at all the Heroes Rising Outdoors functions in the areas we are hunting and at public events.
- ❖ Volunteers will hand out your provided promotional equipment and acknowledge your support in articles and videos.
- ❖ **We are grateful to you!**

Sponsorship shows your support for our members and volunteers, while projecting your professional image and enthusiasm to AES’s membership and our community.

Sponsorship at any level will increase the success and outreach of the Arizona Elk Society Heroes Rising Outdoors Program. This program has been featured numerous times in outreach materials from the Arizona Game and Fish and social media. The growth of this program will greatly benefit from your sponsorship of funding or equipment donations.

Thank you in advance for your generosity and for supporting Arizona veterans and Arizona Elk Society Heroes Rising Outdoors Program. If you have questions please do not hesitate to call.

Yours in Conservation,

Tom Wagner
Heroes Rising Outdoors Program Coordinator
